

FixItSmartly: 7 Signs Somethings About to Break

Early warnings can save you money and stress.

1. Strange smells (burning, mildew)
2. Persistent moisture near appliances
3. Unusual noises (grinding, buzzing)
4. Doors and windows sticking
5. Flickering lights or tripped breakers
6. Water stains or ceiling spots
7. High utility bills without explanation

Do monthly walkthroughs to catch issues early!
